

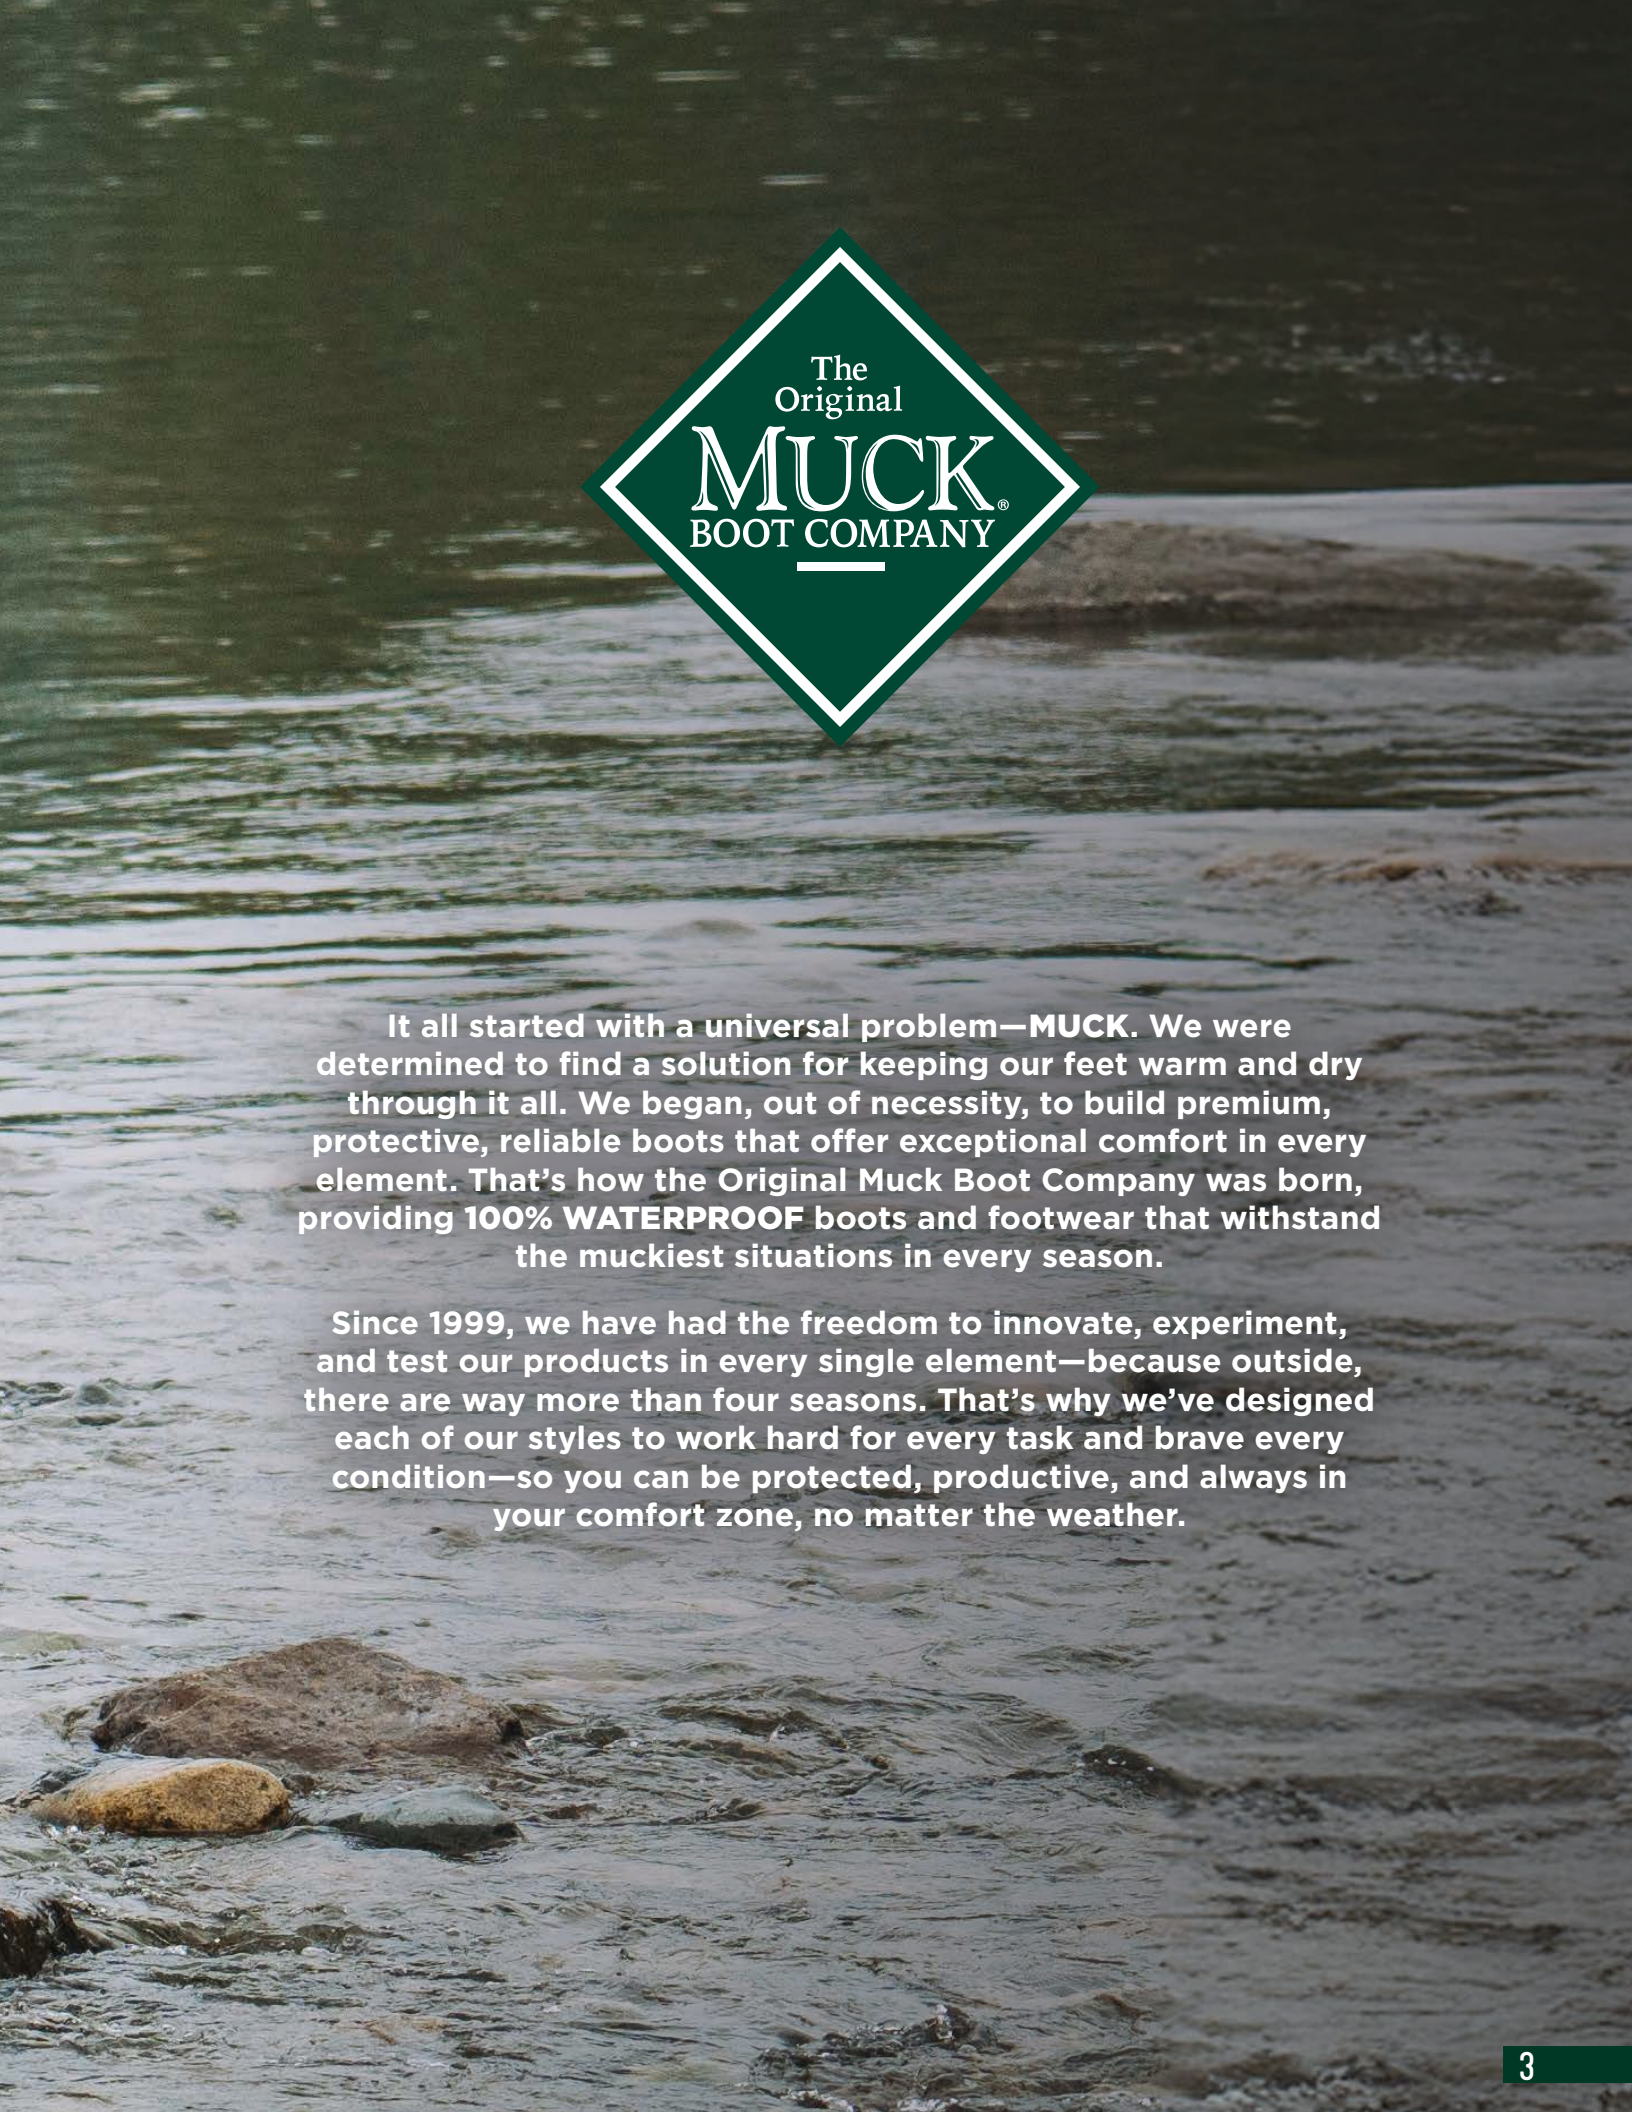
2026

THE ORIGINAL
AND BEST



It all started with a universal problem—MUCK. We were determined to find a solution for keeping our feet warm and dry through it all. We began, out of necessity, to build premium, protective, reliable boots that offer exceptional comfort in every element. That's how the Original Muck Boot Company was born, providing 100% WATERPROOF boots and footwear that withstand the muckiest situations in every season.

Since 1999, we have had the freedom to innovate, experiment, and test our products in every single element—because outside, there are way more than four seasons. That's why we've designed each of our styles to work hard for every task and brave every condition—so you can be protected, productive, and always in your comfort zone, no matter the weather.

PURSUIT **Sport, Hunt**

No matter the terrain you're covering, these boots were designed to go the distance. Whether tracking, wading, mudding or walking for miles.

UTILITY **Work**

Ready to take on any job, and the promise to see it through. These are the boots that were made to work hard, feel great and keep you protected.

LIFE **Everyday**

Built for life in the Muck. Lightweight, versatile and comfortable footwear for every season. Gardening, walking the dog, digging, beekeeping, clipping, and more.

WELCOME TO LIFE IN THE MUCK

MEN'S PURSUIT

XPLORER

Built for the land, the new Xplorer Collection is engineered from the ground up for rugged performance. Its aggressive outsole features 4MM lugs that shed debris and bite into uneven terrain, delivering assured traction where you need it most. A 3MM neoprene bootie and breathable mesh lining keep your feet cool, dry, and 100% waterproof. The new MaxFit Core footbed provides lasting comfort and support. Available in both 6” and 12” heights, the Xplorer was designed to keep you confident and agile on any terrain.

XPLORER

- 100% waterproof, 100% MUCKPROOF
- 3MM neoprene bootie with DWR treatment
- Breathable mesh lining with NZYM™
- Rugged, self-cleaning rubber outsole with 4MM lugs
- Maxfit Core BioLite footbed
- bioDEWIX™ Dry with NZYM™ uses natural, plant-based enzymes that break down odor-causing material in sweat and keeps your feet fresh

OUTMAX

The Outmax is the next evolution in high-performance, all-terrain footwear. The comfort-first BioLite foam midsole offers lightweight cushioning while the rugged outsole featuring 4MM lugs and deep flex grooves delivers stability, traction, and protection across any terrain. Constructed with 3MM of our signature Muck Boot neoprene and treated with a durable water repellent (DWR) finish, it's ready for whatever the elements throw your way. A TPU shank and MaxFit Core footbed provide all-day support and comfort. Available in 6" and 12" heights, the Outmax was built to outlast and outperform.

OUTMAX

- 100% waterproof, 100% MUCKPROOF
- 3MM neoprene bootie with DWR™ treatment
- Breathable mesh lining with NZYM™
- TPU shank for stability and heel bevel to reduce fatigue
- BioLite foam midsole for exceptional underfoot comfort
- Rugged rubber outsole with 4MM lugs and deep flex grooves for traction and debris expulsion

WOODLAND PRO

Drawing from the proven legacy of the Woody Sport and Wetland, the Woodland Pro is reengineered from the ground up — starting where performance matters most: underfoot. The Woodland Pro is built on the Leaf Spring System, the underfoot platform that combines a lightweight BioLite foam midsole for all-day comfort, variable lugs for biting traction, and an independent suspension heel to absorb impact. Within the system, the Leaf Spring multi-plate adds rock plate protection, enhanced stability, and responsive energy return with every step. The Woodland Pro is 100% waterproof and engineered for harsh conditions. Select styles feature 400G PrimaLoft® Gold insulation for lightweight, bulk-free warmth. Built to go farther, stay warmer, and perform when it matters most.

WOODLAND PRO

- 100% waterproof, 100% MUCKPROOF
- 5MM neoprene bootie with DWR™ treatment
- 400G PrimaLoft® Gold insulation - MWP17MCR only
- Warm lining: soft, insulation, performance fleece for warmth and comfort
- Gusset for extended fit
- Rubber heel stabilizer for stability
- BioLite foam midsole for exceptional underfoot comfort
- Leaf spring multi-plate that provides protection and energy return
- Rugged rubber outsole with variable lugs and independent suspension heel to reduce impact
- Maxfit Core BioLite footbed
- bioDEWIX™ Dry with NZYM™ uses natural, plant-based enzymes that break down odor-causing material in sweat and keeps your feet fresh

MUCK X BONE COLLECTOR

Shown above: Muck x Bone Collector Pathfinder

Bone Collector is one of the most recognizable brands in hunting— known for their dedication to the culture and community they represent. Started in 2008, Michael Waddell gained fame through the Bone Collector television show, where he shares his passion for hunting, wildlife conservation, and the outdoors. He emphasizes the importance of responsible hunting practices and is a strong advocate for the hunting lifestyle. Both humble and passionate, Bone Collector has amassed a dedicated audience of loyal fans known as “The Brotherhood.”

MEN'S UTILITY

CHORE FLEX

When the job gets tough, the boots you wear make all the difference. The Chore Flex is the next evolution of our iconic Chore collection — engineered for durability, comfort, and all-day performance in the toughest conditions. Featuring a 100% waterproof construction, these boots combine a triple-dipped rubber upper with a 3MM neoprene bootie for maximum protection and flexibility. The lightweight, slip-resistant rubber outsole delivers superior traction on wet and uneven surfaces. Whether you're in the barn or on the job site, you're ready for whatever comes next.

Our product tenets are deeply woven into our technology, directly translating into three distinct categories: ***Protection***, ***Traction***, and ***Comfort***.

PROTECTION

MUCKDRY
100% Waterproof

100% Waterproof
Materials and Construction

Muck Leather
100% Genuine Leather

MuckSkin
Printed rubber coating that's lightweight flexible and 100% waterproof

MuckDry+
An internal waterproof, breathable bootie designed to keep your foot dry and provide all day comfort

Assembled in the USA
Materials assembled directly in the USA

MUCKSHIELD
Environmental Protection

MuckStop
Nylon collar that provides a customized fit

Snake Resisting
Resisting against snake strikes

Loc-Tite
Bungee lace with an adjustable lock closure that keeps water and debris out

Scent Masking
Lining treatment that blocks odors

MUCK PROTECT
Pro-Grade Protection

Met Guard
Extreme Impact Protection

Anti-Viral Protection
Tested to meet anti-viral protection standards
ASTM F1671 / F1671M - 13

Oil Resistant
RDR rubber protects against caustics, solvents,hydrocarbons, oils, fats and acids

PR Plate
Puncture resistant plate that delivers safety and comfort

Steel Toe
Tested to meet
ASTM F2413-18 M/I/C PR EH

Guarden
Rubber toe and heel for more durability and extended wear

Non-Metallic PR Plate
Non-metallic puncture resistant plate that delivers safety and comfort

Comp Toe
Non-metallic protection, tested to meet
ASTM F2413-18 M/I/C PR EH

CSA
Meets Canadian Standards of Protection

TRACTION

MUCKGRIP
Commercial Grade Traction

Slip-Resistant
Exclusive RDR rubber compound grips surfaces, creating sure footing

Vibram® Arctic Grip A.T.
For wet ice traction coupled with XS Trek Evo adding durability and improved grip on wet and dry surfaces

Vibram®
Durability and traction on multiple surfaces

COMFORT

MUCKCOMFORT FB
Footbed Comfort System

FB1
EVA Footbed

FB2
Molded PU Footbed

FB3
Dual-density Footbed with memory foam

Maxfit Core
Perforated footbed with BioLite Eva foam

MUCKCOMFORT TC
Comfort System

Breathable Mesh
Sandwich-fabric lining improves air circulation

Warm Lining
Soft, insulating, lightweight, performance

BioLite
A revolutionary high performance and eco-friendlier injection molded EVA foam that is lightweight, durable, supportive, and provides excellent slip resistance

bioDEWIX™
Dry Footbed insert topcover with NZYM™ for odor control and moisture management

XPRESSCOOL™
Anti-microbial evaporative cooling liner

PrimaLoft® Gold Insulation
A breathable and lightweight insulation made from sustainable materials and microfibers that trap body heat

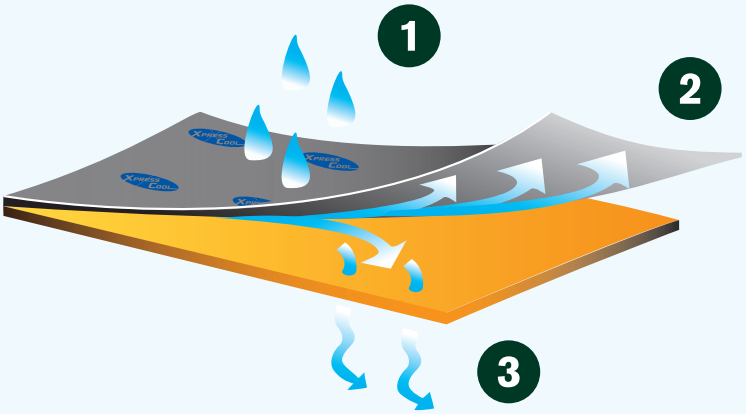
MUCKCOMFORT TC
Recommended Comfort Ratings

Temperatures are reccommended, not based on actual temperature ratings.

XPRESSCOOL™

XPRESSCOOL™ HOW IT WORKS

1. As the foot starts to sweat, the Muck XpressCool™ fabric rapidly pulls moisture away from your skin.
2. The Muck XpressCool™ lining absorbs and spreads the moisture out across the boot lining to drier areas of the boot to enhance the evaporative drying rate.
3. Most importantly, as the moisture is spread and dries, it creates a cooling effect which keeps your feet cool and dry in warm weather.



BIO LITE

BioLite is a revolutionary high performance and eco-friendlier injection molded EVA foam that is lightweight, durable, supportive, and provides excellent slip resistance

Intertek

GREEN LEAF CERTIFICATE OF CONFORMITY

PRIMALOFT®

PrimaLoft® Gold insulation delivers leading warmth-to-weight performance. Lightweight and breathable, its ultra-fine microfibers trap body heat to keep you warm.

SUSTAINABLE HIGH PERFORMANCE INSULATION FELT BY YOU AND THE PLANET

VIBRAM ARCTIC GRIP A.T.

VIBRAM ARCTIC GRIP WITH XS TREK EVO ADDING DURABILITY AND IMPROVED GRIP ON WET AND DRY SURFACES.

ARCTIC GRIP A.T.
WET ICE TECHNOLOGY

SMALLER ANGULAR LUGS TO DIG INTO SNOW, SLUSH OR LOOSE TERRAIN

LARGE SURFACE AREA ARCTIC GRIP LUGS FOR WET ICE TRACTION

VIBRAM XS TREK EVO COMPOUND FOR ALL TERRAIN SURFACES
