Georgia Boot Updates Iconic Eagle Light Collection

NELSONVILLE, Ohio – Georgia Boot’s lightest general work boot collection, Eagle Light, is now available in stores and with expanded offerings for men and women.

“We usually introduce new collections with mostly men’s styles, but we were so excited about the Eagle Light, we thought it would be a mistake to not offer it to women as well,” said Jordan Gottke, marketing manager for Georgia Boot. “Once you put on a pair, you might forget you are wearing work boots; the Eagle Light collection won’t weigh you down and the patented Comfort Core footbed will keep you comfortable all day long.”

The lightweight, oil-resistant Eagle Light outsole is unique because it provides ultimate comfort while offering maximum stability with its extended base. The collection also promotes cooling with a moisture-wicking lining and a perforated Comfort Core footbed that helps circulate air beneath the foot.

The Eagle Light collection includes six-inch lacers and a pull-on style for those seeking an easy-on, easy-off boot. The suggested retail prices for men’s styles range from \$139.99 to \$169.99. The women’s six-inch style is available in both soft toe and composite toe with suggested retail prices of \$129.99 and \$139.99.

G6033
