### FAQs

---

#### What is Vault Verify?

Vault Verify is a secure, automated employment and income verification service.

#### What benefit does Vault Verify provide to our organization?

Vault Verify helps to ensure that verifiers may quickly and easily confirm employment and income history, as needed. *It is important to note that our organization does not respond directly to verification requests, as all requests are fulfilled through our secure, online service.*

#### Instructions for first time verifiers:

If you have not worked with Vault Verify previously, simply follow the steps below to get started:

Step 1: Click on 'Register Now'.

Step 2: Complete the short registration form in its entirety

Step 3: Credentials will be delivered by secure email within an average of 1 hour.

*Verifications are always instant and free of cost for Government Agencies.*
