2. **How much can we request and how much will you award?**
 - a. RCIF does not restrict how much you can request, however below are our averages from the previous 5 grant cycles:

5. How can we strengthen our request?

- a. Be sure to consider the criteria noted in our guidelines that the committee will use to rank applications.
- b. Consider “needs” vs “wants”.
- c. Prioritize the items within your request. If only a portion of it can be funded, what is more important?
- d. These grants are very competitive, examine other possible sources of funding, do not rely on RCIF for 100% of the funding.
- e. Complete all required documents and provide detailed information.

6. Why didn't I get funded?

- a. Every year we receive requests totaling more than we have to disburse, and in most cases, it is denied because we don't have enough money to fund all worthy projects. However, we are always happy to discuss your request with you and comments that the Committee may have made related to your request.
